

Better healthcare, realized.

IPRO is a non-profit organization that works with government agencies, providers and patients to implement innovative programs that bring policy ideas to life. For more than 35 years we've made creative use of clinical expertise, emerging technology and data solutions to make the healthcare system work better.

IPRO holds contracts and consulting agreements with federal, state and local government agencies, as well as private-sector clients, in 32 states and the District of Columbia.
